

# Shapes Booklist

## Toddler Tuesdays at MOXI

***Shape Shift*** by Joyce Hesselberth

Located in picture books under Hesselberth

These kids go on a shape filled adventure through their imagination where they see multiple shapes transform.

***Triangle*** by Mac Barnett

Located in picture books under Barnett

These shape friends are pranksters. Triangle and Square walk through the rocky terrain to each other's house to play jokes on each other. These simple illustrations create a laugh-out-loud story.

***Round is a Tortilla: a book of shapes*** by Roseanne Thong

Located in picture books under Thong

This book about a world full of culture, food and shapes will hold your attention from the first page.

***Friendshape*** by Amy Krause Rosenthal and Tom Lichtenheld

Located in picture books under Rosenthal

Join these friends as they journey through the ups and downs of life. They joke around, play together and occasionally fight, but they always make up.

***City Shapes*** by Diana Murray

Located in picture books under Murray

A pigeon's point of view of a bustling city helps us discover shapes in every corner.

***Sweet Shapes: A Forest of Tasty Shapes*** by Juana Medina

Located in picture books under Medina

These shapes can be seen in everyday life, even in food!
